NOTES & NEWS

Plentiful Pumpkins

Carved, painted or simply sitting in decorative displays, pumpkins symbolize the fall season. From coast to coast, they're found in many sizes and colors, but the classic round, orange squash you'll find ripe for the picking at pumpkin patches and markets is the Connecticut field pumpkin. Of the 2 billion pounds of pumpkins grown in the U.S., most are processed into food products.

Sound Advice About Earbuds

Whether you're working out to a pumped-up playlist or making video calls for meetings or meetups, earbuds and headphones have become vital accessories, so it's important to maintain them. Wipe them down and clean them at least once a week.

Positive Thought

"When you lead with your nice foot forward, you will win, every time. It might not be today, it might not be tomorrow, but it comes back to you when you need it."
—Kristen Bell

Cleaning and Disinfecting

To help prevent illness, regularly clean and disinfect the frequently touched surfaces in your home. This includes doorknobs, light switches, countertops, cabinet knobs and pulls, tabletops, phones, computer keyboards, TV remotes, toilets, sinks and faucet knobs.

Before disinfecting. Clean dirty surfaces with soap and water or detergent before disinfecting.

Use disposable gloves. When cleaning and disinfecting, use disposable gloves and throw them away when you're done. Afterward, wash your hands well.

Disinfect. Use diluted household bleach solutions, alcohol solutions with at least 70% alcohol, or an EPA-registered household disinfectant. To prepare a bleach solution, mix the following: 1/3 cup (5 tablespoons) bleach per gallon of water, or 4 teaspoons bleach per quart of water. Note: Never mix household bleach with ammonia or any other cleanser.

Get Wise About Owls

Mysterious and a little spooky, owls have captured our imaginations since ancient times. These birds have features that may make your head spin!

- An owl can turn its head almost all the way around without moving its body. Unique bones in the bird's neck allow it to twist to the left or the right 270 degrees.
- Owls need this ability because they can't move their large eyes, their most notable trait. Working like binoculars, an owl's eyes are tube-shaped and fixed in place.
- They're known for their hooting calls, but some owls hiss, whistle, growl or bark.
- Owls have such sensitive hearing, they can detect a mouse under snow.
- Thanks to their broad wings and thick feathers that muffle noise, the birds barely make a sound when flying.
- Most owls are active at night, giving us the expression "night owl."
- Owls are zygodactyl, meaning their feet have two toes that face forward and two that face backward. That trait, along with their sharp talons, gives them a powerful grip.
- Why are owls considered wise and used to symbolize knowledge? In Greek mythology, Athena, the goddess of wisdom, was often depicted with owls.
- At about 5 inches, the elf owl is the tiniest owl species. Compare that to the great gray owl, which can be over 30 inches tall.
- In Japan, there are owl cafes, where you can hang out with the birds while drinking tea.

Craft Some Fall Flair

Welcome autumn into your home with these quick and easy crafts:

Door décor. Combine leaves, acorns and miniature pumpkins to make a showstopping wreath for your door. Glue the items to a grapevine or straw wreath, or wrap a foam wreath form with burlap or plaid fabric for a cozy, rustic look.

Pumpkin planter. Cut the top off a real or artificial pumpkin and fill it with

a houseplant, fall mums or a bouquet of other blooms. Mini pumpkins can hold small succulents or battery-operated tea lights.

Glam gourd. Use gold or silver glitter glue to decorate a white pumpkin with a design of swirls, zigzags or polka dots. Add a greeting such as "Welcome" or "Happy Fall."

Festive foliage. Gather fallen leaves in rich hues of red, orange and yellow, or buy artificial leaves at a craft store. String them together using a needle and thread or fishing line. Hang the garland over a doorway or window.

Artsy acorns. Collect or purchase acorns, then paint the seed portion of each one, leaving its brown cap natural. Choose paint colors to reflect a theme: traditional fall tones, metallic shades for some sparkle, or neon colors for frighteningly good fun! Once dry, display the acorns in a bowl or vase.

Spilling the Beans: Secrets to Cooking Beans

Whether dried or canned, beans are a hearty, healthy and budget-friendly food. These tips will help you bring out their best flavor.

Soak. You'll usually want to soak dry beans beforehand. This reduces their cooking time, especially for larger varieties such as kidney or pinto beans. You can simply soak them in cold water overnight. A quicker method is to bring the beans to a boil, cook for 2 to 3 minutes, then turn off the heat and let them sit for 1 to 4 hours.

Rinse. After soaking, drain the beans and rinse them with fresh, cool water. Rinsing also helps improve the flavor and reduce the salt content of canned beans.

Heat. Cover soaked beans with water and bring to a simmer, but not a boil, which can cause beans to split and fall apart. As they cook, stir the beans and add water to keep them

covered. Canned beans are ready to eat, but simmering them in olive oil will take them to the next level.

Season. Periodically add salt while beans are cooking. Punch up their flavor by adding aromatic ingredients such as onions and garlic, along with herbs and spices. When the beans are tender, turn off the heat. For the best-tasting beans, let them sit for a half hour before serving or adding them to a recipe.

WIT & WISDOM

Simple Ways To Make Someone Smile

World Smile Day, Oct. 2, is a day devoted to spreading smiles. It's easy to celebrate; just make those around you beam with happiness by way of a kind act.

Simply letting someone know you thought of them will produce a grin. All it takes is a sincere compliment, a thank-you, a word of encouragement, or expressing why you're proud of them. Sharing a silly joke often works too!

Seeing your words can be powerful to another person. Go old school and write them a handwritten letter. Jot some positive thoughts on sticky notes and post them around your home, workplace or community. Put a note in your mailbox saluting the letter carrier.

Your actions speak volumes. Do a chore without being asked to or offer to cook a meal. Everyone likes an unexpected treat, so surprise someone with homemade cookies or buy a candy bar or cup of coffee and give it away. Leave a few quarters at the laundromat or add coins to a random parking meter. Drop off or mail a care package.

Tap into technology and upload some feel-good vibes. In a few minutes and with a few clicks, help a friend begin their day on a happy note by sending them a good morning text. Post a recommendation on a local business's social media site or reply to a post that brought you a smile.

Sweet and Salty Popcorn Party Mix

Pop up a tasty treat, perfect for movie night or a take-along snack. Adapt the recipe to include your favorite munchies or to use what you have in your cupboards.

Ingredients:

- 10 cups popped popcorn
- 2 cups miniature pretzel twists
- 1 cup peanuts
- 1 cup pecans
- 2 cups rice, wheat or corn cereal squares
- 1/2 cup butter (1 stick)
- 1/2 cup packed brown sugar
- 1/4 cup corn syrup
- 1/2 teaspoon baking soda

Directions:

Preheat oven to 300° F.

In a large bowl, combine popcorn, pretzels, peanuts, pecans and cereal; set aside.

In a saucepan over medium heat, melt butter, brown sugar and corn syrup. Stir mixture until it begins to boil. Let boil for 3 minutes without stirring. Remove from heat and stir in baking soda. The mixture will foam.

Pour syrup over popcorn mixture and stir until pieces are evenly coated.

Spread mixture onto a large, rimmed baking sheet. Bake for 30 minutes, stirring twice during baking.

Let mixture cool on baking sheet and stir several times. Store leftovers in an airtight container.
